For Immediate Release May 4, 2015

University of South Carolina Offers SAT/ACT Summer Test Prep Course at USC Sumter Campus

Columbia, S.C. – The University of South Carolina’s renowned University Test Prep program and USC Sumter are teaming up to offer an intensive and exciting SAT/ACT test prep course at USC Sumter campus in Sumter, July 20-23. The summer institute is intended to help rising 10th-12th graders prepare for the SAT and ACT exams. This is the seventh year that the program has been offered at the USC Sumter Campus.

University Test Prep provides thorough preparation for high stakes undergraduate admissions exams. The preparation course provides 20 hours of on-campus classroom learning and is led by a professional test prep instructor from the University of South Carolina. Classes are held Monday through Thursday from 9 a.m. to 3 p.m.

The course includes the Official SAT and ACT textbooks, workbooks, lunch each day, and four interactive review sessions held in September, leading up to the first SAT exam.

SAT/ACT Summer Institutes are also held on the USC Columbia, Aiken and Beaufort/Hilton Head Gateway campuses.

A 10 percent discount is available for members of the USC Alumni Association and USC Faculty and Staff at all campuses.

To register and for more information, contact USC Continuing Education and Conferences at 803-777-9444, email: testprep@mailbox.sc.edu or visit: discover.sc.edu.

About University Test Prep

Whether you are preparing for the SAT or the ACT, University Test Prep's SAT/ACT Summer Preparation Courses offers comprehensive preparation for both tests. Since 2008, University Test Prep has been offering the SAT/ACT Institute which is an intensive test prep program that extends beyond the time spent on the University of South Carolina's campuses. Our blended learning Test Prep program offers intensive classroom training followed by periodic online review sessions. The courses are designed for students currently in high school, who have completed their freshmen or sophomore years and plan to take the current SAT test during Fall 2015.
